

STAGE SIZE GUIDE

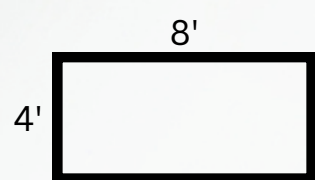

Charlotte Party Rentals staging comes in 4' x 8' rectangular panels and we can build the stage according to the band's requests.

HOW TO DETERMINE HOW MANY PANELS YOUR EVENT SIZE NEEDS

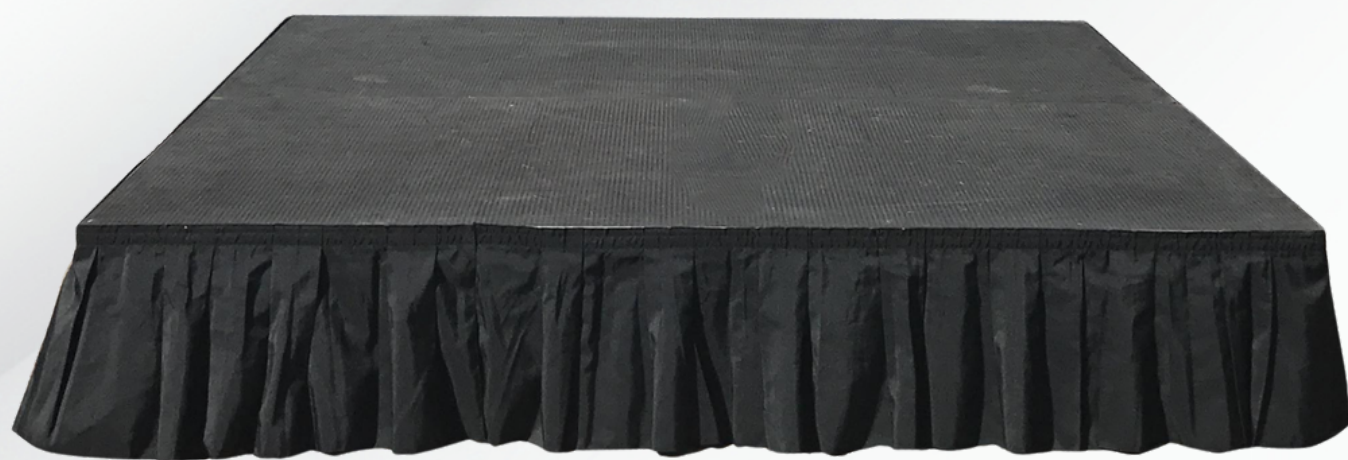

The numbers on the outside indicate how big the Stage will be in feet (').
The numbers on the inside indicate the number of panels that will be used to build up the sizes.

Example: You need a 16' x 24' Stage = 12 panels will be needed to build that up

STAGING

	← WIDTH →				
	8'	16'	24'	32'	40'
4'	1	2	3	4	5
8'	2	4	6	8	10
12'	3	6	9	12	15
16'	4	8	12	16	20
20'	5	10	15	20	25
24'	6	12	18	24	30
28'	7	14	21	28	35
32'	8	16	24	32	40
36'	9	18	27	36	45

Skirting is available for a nicer look!

HEIGHT

- 16"
- 24" / 2'

*Higher than these, we can arrange to sub contract for you.

STEPS

- 16" height would use a 2 Step (without handrail)
- 24" height would use a 3 Step (with handrail)

We prepared a table of the commonly used sizes of Stage per number of Performers below for your quick guide. This guide is just a base template of the options that we have available for you, we can go larger if needed!
